During the summer of 2004 Muskoka Baptist Conference had the privilege of having Trevor join our ministry team for a Saturday night concert and as part of the special music in our Sunday services.

His Christ-like servant heart along with his creativity and diverse repertoire made him a hit with our guests.

Seldom have I seen someone who could impact an audience made up of a broad age range and many different musical tastes.

I would highly recommend Trevor to you; we are looking forward to having him back at MBC.
