CBC RADIO MAILING LIST

REGIONAL/LOCAL PROGRAMS

CBC presents a variety of local and regional programs that reflect the communities from which the shows originate. The shows (generally speaking) air between 6:00 a.m. - 9:00 a.m., 12 noon to 2:00 p.m., and 4:00 p.m. to 6:00 p.m. (local time), Monday to Friday, as well as in certain timeslots on the weekend.

There are a vast number of these programs and it would be a difficult task to try to list them all, especially with regard to their music programming policies. Many of these shows are news/current affairs-oriented but they will use the occasional cut of music. **We have highlighted the**

regional and local programs which have significant music content in order to assist you in reaching the programs that will most likely use music.

There are a lot of programs listed here. Please assess your needs carefully and send your material to the programs that are best suited to those ends. You should pay particular attention to programs that are located in your city, province or region, as CBC Radio programs have mandates that encourage them to support local artists.

For easier access to CBC Radio's local and regional programs, please submit your recording to the Music Resources office for assessment. Music Resources will assist you in placing your CD with the most appropriate programs and ensuring that all tracks are ripped into the CBC's central server, or Virtual Music Library.

That Guy On The Radio – Radio One - Saturday & Sunday, 6:00 - 9:00 a.m.

Host: Peter Skinner

Peter Skinner is an insomniac, a nighthawk forced to be a lark. The strain of getting up so early to host causes him to set off on unpredictable rambles, non sequiturs and examinations of arcane references that most people don't care about or have even heard of. That said, he's doing his best to be pleasant at the very least. He sometimes even manages to force a smile. He plays music ranging from the most popular to the completely obscure, interviews people about whatever random subject catches his fancy at the moment, cites odd stories from around the world, checks on local happenings from all over the NWT and runs features, including "God's Own Jukebox", "I Think I'm Hearing Things", "Encounters", "The Whole Thing", "Fireweed" and much more. How he does it all on so little sleep is a bloody marvel. Some listeners tune in the way people attend demolition derbies, just waiting for the inevitable crash.
